In the first nine months, T.A.P. has grown from an idea to a reality. We now have many dedicated members. Recognition has been granted from the PA Fish & Boat Commission and other sportsmen's organizations. They have recognized T.A.P. for its dedication to live bait fishing and equal stream access for all. We will continue to promote, protect and preserve all waterways of PA.

Since March 21, 1994, the following has taken place:

Petitioned the PA Fish & Boat Commission stating opposition to over-regulation of fishable waters. (Examples: delayed harvest, fly fishing only, etc..)

Donated \$50 for membership to SCRIPT (Stonycreek/Conemaugh River Improvement Project). This project will restore fishing to waters damaged by acid mine drainage.

Elections were held for T.A.P. Officers:

President - Dan Pfeilstucker

Vice President - Paul Rushnak

Treasurer - Bruce Chappell

Secretary - Ned Moore

Division of Fund Raising - Jody Cyran

Cambria County Geologist, Terry Kaltins, gave a presentation on area stream quality.
